

SUMMER POP UP BARS

SOUTH PHILLY

BOK BAR

1901 South 9th Street Philadelphia

This former vocational high school has transformed into a vibrant community of studios, workspaces, and businesses. The seasonal pop up bar on the 8th floor provides great views, a relaxed atmosphere and a simple menu of tacos, rice bowls, and dumplings.

SPRUCE STREET HARBOR PARK

301 S Christopher Columbus Blvd, Philadelphia

Spruce Street Harbor Park is so much more than a beer garden, but we can't resist grabbing a cold beverage whenever we visit.

This incredible urban beach, managed by the Delaware River Waterfront, transforms every summer into a vibrant oasis of food trucks, hammocks, lawn games, arcade stalls, and of course, bars. Parking can get crowded, so try to navigate there using public transportation or bike if possible.

OLD CITY

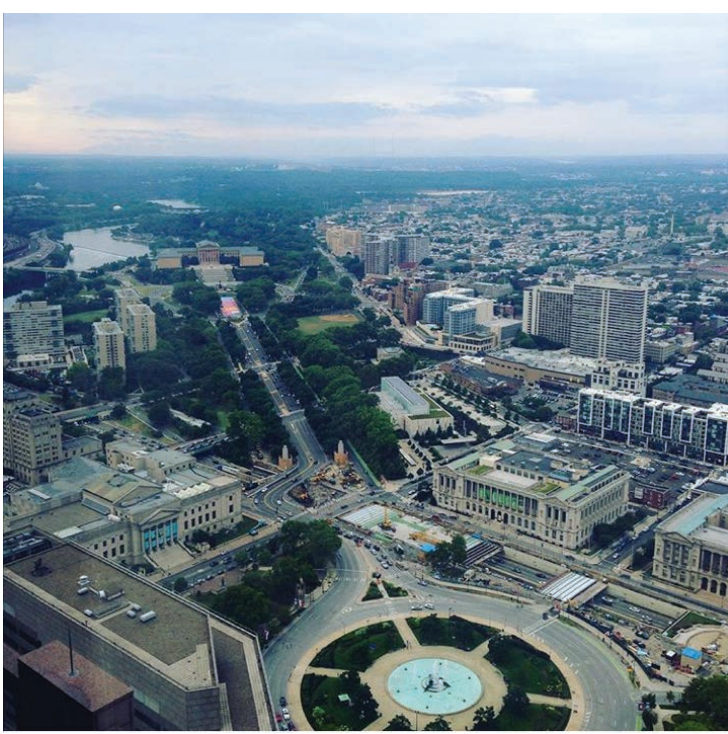

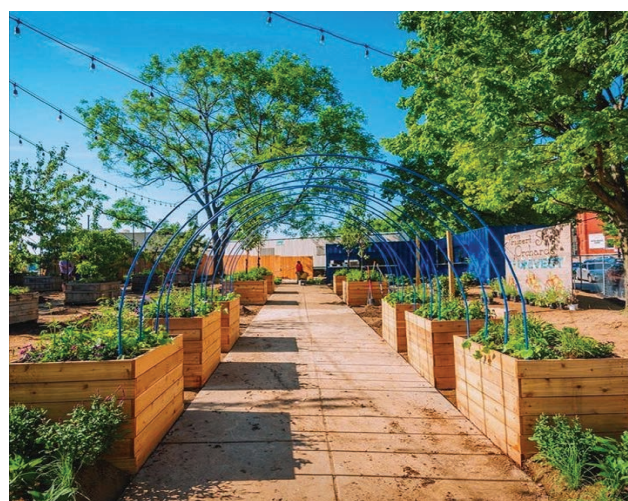

UNIVERSITY CITY

UCITY SQUARE

36th and Filbert Streets, Philadelphia

The Philadelphia Horticultural Society transformed a vacant lot in University City into an open-air, European-style urban orchard.

The pop up garden will offer drink and food specials on Mardi Gras Mondays, Taco Tuesdays, Wine Wednesdays and Thursday Yappy Hours welcoming canines and their companions. It sounds like these PHS gardens just keep getting better every year.

SKY GARTEN

1717 Arch Street, Philadelphia

As much as we love outdoor beer gardens, we have to admit, the prospect of enjoying a cold beverage on the 51st floor, overlooking the city sounds incredible. Turns out, lots of folks agreed, and Skygarten was named "best new beer garden" by Philadelphia Magazine in 2016.

Developed by the masterminds behind the authentic German "Bauhaus Schmitz", the menu includes staples like a wurst platter and Bratwurst sandwich. As well as plenty of vegetarian friendly options. Don't miss the views and brews at this great spot!

CENTER CITY

CITY WIDE

PARKS ON TAP

Various Parks Throughout the Philadelphia

We can't begin to explain how much we love "Parks on Tap" the innovative program operated by the Parks and Recs Department, and the Fairmount Park Conservancy. A traveling beer garden, it visits 20 different parks in 20 weeks. A portion of all proceeds from the events goes directly to the park, to help fund programming, renovations, and maintenance. Drinking and eating for a good cause? How could we not?

CREATED BY SOLO REAL ESTATE

There aren't many places like Philadelphia. And there are even fewer real estate companies like Solo Real Estate, a family owned company serving Center City Philadelphia and surrounding areas for more than 50 years.

It's easy with Solo.
